

EXPORTERS & SUPPLIERS OF
MEDICAL EQUIPMENTS & CONSUMABLES

SAFE GLOBAL SERVICES LLP

One stop solution for all your hospital needs

Safe Global Services is a renowned name engaged in supplies and exports of quality medical equipments, consumable and pharmaceutical products.

We offer quality products meeting world standards as per guidelines issued by WHO.

Most of our products are CE, ISO 13485:2003 and WHO GMP certified

For us

Quality means not making compromises in the safety of products we deliver.

They should be failure-proof.

Affordability means not making compromises in the pricing of our products.

They should be well within everyone's reach.

Availability means not making compromises in the delivery of our products.

They should be delivered in time.

Safe Global has a dedicated and competent team with excellent resources for procurement of medical equipments and consumables for its domestic and international clients.

**Our aim is to become
your one stop solution for all your hospital needs.**

State of art blood bags and CAPD bags
for home dialysis.

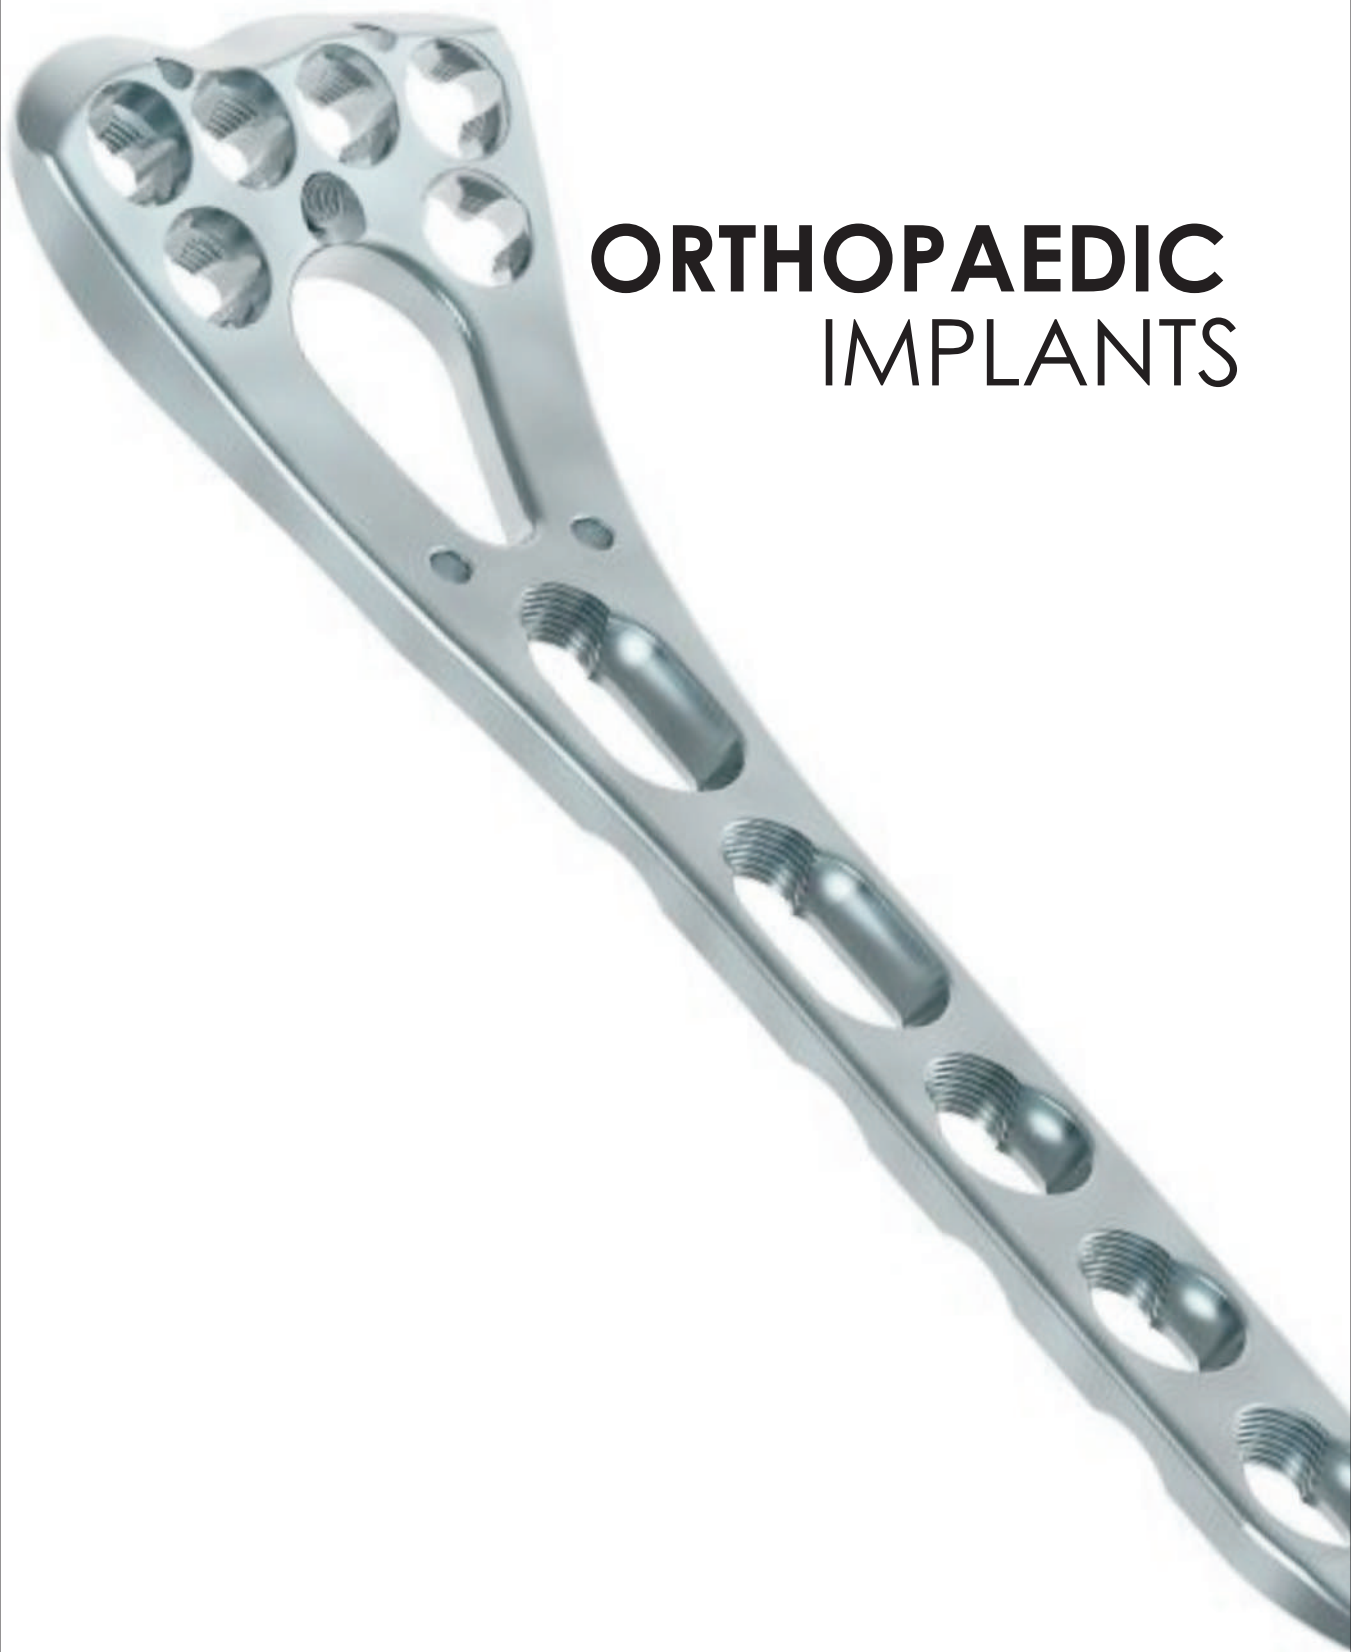

Continuous: Dialysis carries on all the time.

Ambulatory: Unlike Haemodialysis patient can move around as normal and carry out his daily activities.

Peritoneal: An enclosed layer of tissue where Dialysis takes place. The Peritoneal surrounds your intestines.

Dialysis Dialysis removes waste products from your blood.

ORTHOPAEDIC IMPLANTS

World class range of Orthopedic Implants for Trauma, Spine and
CMF/Maxillofacial both in SS and Titanium.

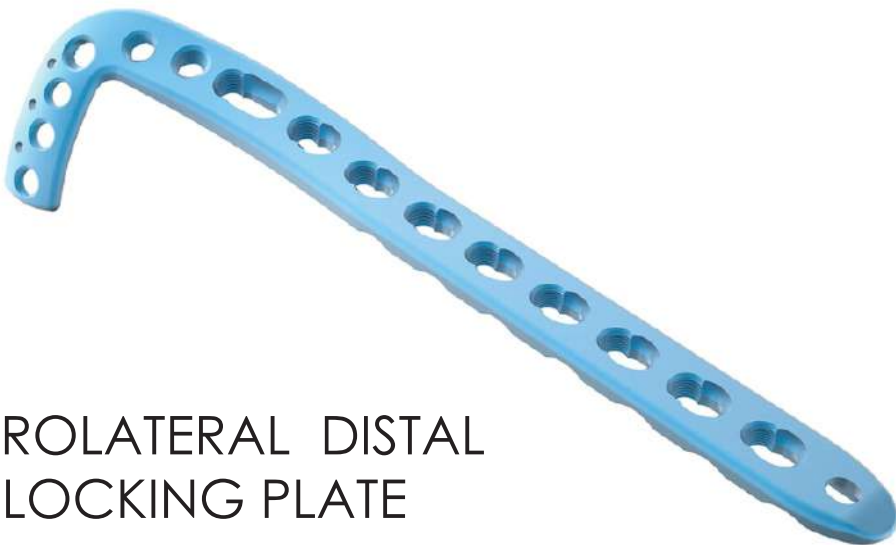

Complete range of instruments and Power Tools

**All products are ISO 9001:2008, ISO 13485:2003, ISO 13485:2012 & CE certified.
